Established in 1981, the Lighthouse Academy has provided the Fredericksburg Region with a proven, superior education, tucked inside a wonderfully prepared "Christ-centered" environment.

For 28 years we have labored to offer our community a light into the darkening educational reality in America today. Our mission is to educate, with absolute excellence and passion, young minds and to bring a proper balance of respect, love, and nurturing that children need to feel successful and happy.

Our primary objective inside our vision is to instill the love of learning within the child. Voted Fredericksburg Region's Best Private School and Best Pre-school for 2009, the Lighthouse Academy continues to strive for excellence. Come and see!
